## “Community Service”

Making a difference in our community

On March 5th our young people went and prepared meals for the homeless and then we went out into the community to pass out meals to homeless on the street. The project was under the city of San Francisco’s The City Eats Program.

Since 2016, we have been building connections and collaborating within the Bayview-Hunters Point community. Three major collaborations have evolved thru A. Phillip Randolph Institute - San Francisco Chapter; SF Rec & Park - Heron's Head Park Eco Center; The City Eats SF; SF Parks Alliance and El Nino Training Center.

We have been blessed to have the opportunity to volunteer with The City Eats for the past 4 years - distributing food, hygiene kits, and socks to homeless and under-served individuals within the Tenderloin District.

APRIL 17 - MAY 22

ALL AGES

**EVERY SUNDAY**

1:00PM - 3:00PM

4430 3RD STREET, SF

### Community Service

Continued from page 1

Our connection with the SF Rec & Park facility - The Eco Center at Heron's Head Park has been evolving for the past, almost two seasons. What started out as a wonderful opportunity to activate the space, quickly evolved into

levels of community stewardship, youth program opportunities thru **Greenagers**, and access to adopt and build our own garden. Our young queens have not only graduated from their program, but also dedicate one Satur-

day morning each month to give back the love into the soil.

The City Eats is a non-profit organization dedicated to unifying the community through the purpose of eradicating hunger amongst the inner city homeless population..

## Feeding the Homeless

On March 5th our young people went and prepared meals for the homeless and then we went out into the community to pass out meals to homeless on the street. The project was under the city of

San Francisco's The City Eats Program. Since 2016, we have been building connections and collaborating within the Bayview-Hunters Point community.

Caring about our environment is vital.

A Clean Environment Is Essential for Healthy Living. We Only Have One Earth As Our Home · Clean Environment Means Healthier Lives.

Talent All Stars members together with Feline Finesse believes in doing their

part to help clean and nurture the environment. Earth Is Our Home: It's where we live, so we better take care of it. For sure we could be a better person if we help with small things for our home, This planet the only that we have now.

## Feeding the Homeless Continued from page 2

We have been blessed to have the opportunity to volunteer with The City Eats for the past 4 years - distributing food, hygiene kits, and socks to homeless and underserved individuals within the Tenderloin District.

Since late 2017, our connection with APRISF has grown into such a loving, familiar bond.

Not only are we grateful for their fiscal sponsorship, but for all of the op-

portunities and extended connections as well.

From marching in solidarity on MLK Day to working overtime to make sure every minority is counted, we all truly appreciate the work and support of this organization.

The City Eats motto is *“Every person needs a helping hand.”*
